MANAGERS WITH 50 TO 99 EMPLOYEES

## Corbin Capital Partners

Headquarters: New York

AUM: \$8.4 billion as of June 30

U.S. Employees: 59

THREE COOL THINGS:

- Pays 100% of medical, dental, vision, life, AD&D and long-term disability insurance to all employees and eligible dependents. Reimburses fitness and wellness apps up to \$50 a month.
- Works to compile a diverse candidate pool by requiring that at least 40% of female candidates and 30% of applicants who are BIPOC (Black, Indigenous and people of color) are considered at the first stage of the company’s interview process. Also instituted a panel balanced for gender and race at each stage of job interviewing.
- Added remote-work weeks to its hybrid work model. In-person attendance for the following weeks is voluntary: Fourth of July week, Thanksgiving week, the last week of December and two weeks of the summer based on team needs.

EMPLOYEES SAY:

- “Corbin is a firm that is incredibly thoughtful and in-tuned to their employees. You feel extremely valued, and that you matter. Opinions are considered, they are constantly sending surveys to get employee feedback, and when times get tough, the leaders are very supportive and caring. ... At a high level, Corbin’s leaders and managers care about cultural — and personality — fit during the hiring process, so over the years, the employees brought into the firm tend to share similar values, including teamwork, thoughtfulness and respect.”
- “The organization does not take itself too seriously. It is willing to have fun along the way. The people here genuinely try to be good people and friendly with the people they work with.”
- “Corbin’s culture is unique in the money management industry: Its flat structure allows me to get more responsibility as I’m ready for it regardless of my title, and the willingness to give junior people opportunities results in amazing exposure. I’ve always felt comfortable confiding in my managers and asking questions to anyone on my team. People at this firm are there for each other and enjoy being around one another, which makes it such a fun place to work. I am so proud to be an employee here.”

**FIGHTING HUNGER:** Corbin staff members volunteered with City Harvest, which provides food rescue and distribution, education, and other solutions in order to end hunger in communities throughout New York.
